

GIN SOLÉA

FRANCE · ORGANIC CRAFT GIN · MEDITERRANEAN

An organic French gin with a distinctly Mediterranean character, Solea blends juniper berries, citrus, thyme, rosemary, sage, Timut pepper and tonka bean. The nose opens on a lovely freshness of citrus and garrigue; the palate is smooth, balancing the liveliness of pomelo and mandarin with the spiced notes of Timut pepper and the well-tamed bitterness of juniper. The finish is round and generous, lingering on delicately woody, gourmand notes of tonka bean.
